SUMMARY

Fullstack Academy cybersecurity graduate with hands-on experience in SIEM monitoring (Splunk, Microsoft Sentinel), log analysis, packet analysis, vulnerability scanning, and incident response. Currently a Customer Service Representative at PING, handling IT tickets and fixing XML order data on the HYDRA team. Brings 20 years of high-pressure, customer-facing operations and technical troubleshooting from the golf industry, and is looking for an entry-level SOC analyst role.

CAPSTONE PROJECT

DING Golf — SIEM Detection Lab. Built an isolated four-VM lab and ran a phishing-to-ransomware attack chain end to end, then detected every stage with a Wazuh SIEM.

- Authored 18 custom Wazuh detection rules mapped to MITRE ATT&CK, including a correlated kill-chain alert.
- Configured Windows audit policy, SACL auditing, and real-time File Integrity Monitoring to generate the needed telemetry.
- Built a 9-panel SOC dashboard and a filtered high-severity alert queue.

EXPERIENCE

Customer Service Representative · PING — Jun 2026 – Present

- Assist retail accounts and consumers with order placement, order maintenance, and account problems.
- Triage, troubleshoot, and resolve or escalate general IT tickets.
- HYDRA team: diagnose and correct malformed XML in Pre-Book app orders so they validate and push through to processing correctly.
- Claude team: contribute to internal application development.

Master Club Fitter · Cool Clubs, Irvine, CA — Apr 2025 – Apr 2026

- Diagnosed 200+ equipment and technology issues using launch monitors, sensors, and analytics software.
- Analyzed thousands of performance data points to find patterns and recommend solutions, contributing to $150,000+ in sales.
- Explained technical findings clearly to 150+ clients and documented every fitting accurately.

Golf Professional · Santa Ana Country Club, Santa Ana, CA — Oct 2024 – Apr 2025

- Supported 400+ members, including POS, booking software, and account troubleshooting.
- Documented service issues and escalated technical problems, improving resolution time by an estimated 20–30%.
- Managed daily operations for 100–200 players per day and trained 10+ staff.

1st Assistant Golf Professional / Operations Lead · Oak Creek Golf Club, Irvine, CA — Jun 2014 – Nov 2023

- Coordinated 200+ tournaments and events a year, supporting $5M+ in annual revenue.
- Troubleshot hundreds of hardware and software issues across POS, scheduling, and operational systems, and documented procedures to keep operations consistent.

EDUCATION

Fullstack Academy — Cybersecurity Program — Mar 2026 – Aug 2026 · Graduated Aug 17, 2026

- 40+ hands-on labs in Linux, networking, SIEM, threat detection, and incident response.
- Log analysis across 1,000+ event samples to identify anomalies.
- Built and hardened virtual machines for security testing.

CERTIFICATIONS

CompTIA Security+ — In progress

Cisco Networking Academy: Introduction to Cybersecurity — Mar 2026

Leadership Training — IC PREP — Aug 2021

SKILLS

Security: Threat detection · Log analysis · Incident response · Vulnerability assessment · Access control · MITRE ATT&CK

Tools: Splunk · Microsoft Sentinel · Wazuh · Wireshark · Nmap · Event Viewer · ServiceNow · Jira · Git

Systems: Windows · Linux · PowerShell · Bash · TCP/IP · DNS · DHCP · XML · Virtual machines
